According to the American Cancer Society (ACS), an estimated 1 in 6 men will develop prostate cancer in their lifetime. As you get older, that risk increases. For the sake of your health and peace of mind, consider coming to Texas Health Presbyterian Hospital Plano's free Prostate Cancer Screening. The ACS recommends that men who fit the criteria below be screened for prostate cancer:

- Men age 50 or older
- Men age 45 or older with a family history of prostate cancer
- African-American men age 45 or older

Registration is required. Please register by calling **1-877-THR-Well**.
